

Community Empowerment for women and out-of-school girls

35 women enrolled under the programme for about 4.5 hours per week

Vocational Training and Income Generation –

- Basics of knitting, stitching, sewing , embroidery and craft – creating opportunities to supplement the income of the families
- Integration of Vocational training and functional literacy / numeracy lessons

Embroidered cards, dinner and tea napkins, mufflers, handmade paper bags were some of the intricately handcrafted products put up for sale at various events

Literacy classes : Help women to achieve basic and functional literacy

Health sessions : Importance of sanitation & hygiene, awareness of common rampant ailments like diarrhea, scabies, infections etc
