

Skill Development Program for young boys and girls of underprivileged society

The Skilling Day and Evening Program offers two vocational training courses that seek to empower women and young adults in two communities with employable skills

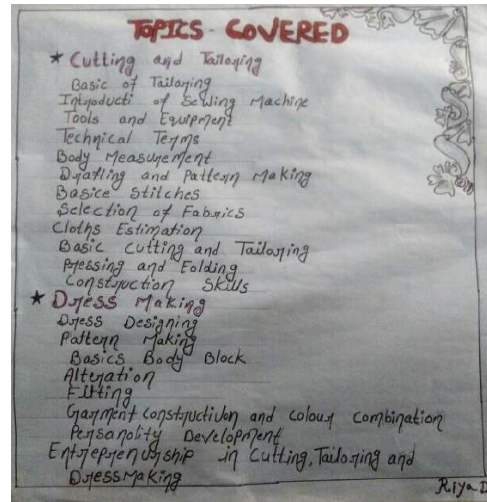

- **One Year Long NIOS Accredited Courses**
 - **Computer Applications At Mahipalpur**
 - **Tailoring Courses Across 3 Centres At Mahipalpur And Kusumpur Pahari**
 - **Life-Skills In Addition To Technical Skills**
-
- **Classes held in two sessions per day – morning and afternoon**
 - **72 hours per week for 6 months for 130 students**

Communities :

- **Mahipalpur - is an urban village in located in South-West Delhi, that acts as a thoroughfare between the city and the airport.** The area is largely inhabited by a migrant population that is semi-educated, lacking the technical and soft skills necessary for gaining meaningful employment.
- **Kusumpur Pahari - is a slum community located in South Delhi.** The area is inhabited primarily by families of illiterate or semi-literate migrants who depend on the informal sector for their livelihoods. The women tend to mostly work as domestic helps or cleaning staff in nearby schools and hospitals due to lack of skills

Impact :

- **Total number of women and young adults impacted- 204**
 - **No. of students impacted through Computer Education- 80**
 - **No. of students impacted through Tailoring course- 124**
 - **No. of students who gained self reliance- 50**
 - **No. of students taking up higher education- 82**
-
- **earnings between 16,000 – 18,000 per month**

Women are taught both theory and practical aspects of tailoring and dressmaking, empowering them to become self-sufficient from the earnings made through stitching clothes against orders .

The students, who typically join the class with almost non-existent computer operating skills, are introduced to the workings of the computer, starting right from the basics and slowly moving up to more complex operations such as Microsoft Excel, Word, Powerpoint presentation making, surfing the internet etc.
